Experience

Vira-Madar Company	*Isfahan, Iran*
FRONT-END DEVELOPER	*Jul 2021 – Sep 2022*

- Joined Vira-Madar as my first role as a front-end developer, valuable experience in a professional work environment.

- Developed proficiency in handling large-scale projects collaboratively within a team setting.

- Enhanced skills in utilizing libraries, interfacing with APIs, and implementing designs from Figma.

- Successfully contributed to various projects utilizing React.js and Next.js technologies.

- Demonstrated the ability to write efficient and concise code, adhering to deadlines, and addressing bugs and issues.

- Created modules which let to increase customer satisfaction by almost 90%.

Self-employed

FRONT-END DEVELOPER

Sep 2020 – Present

- Successfully operated as a self-employed front-end developer, demonstrating strong initiative and dedication to staying connected with the coding community and maintaining up-to-date skills.

- Demonstrated proficiency in developing responsive and user-friendly web interfaces, primarily utilizing React, Next, and Tailwind CSS, and consistently delivering high-quality results for clients.

- Collaborated closely with clients to understand their unique requirements, translating concepts into functional and visually appealing websites that met their expectations.

- Implemented best practices in web development, including clean and maintainable code, optimized performance, and adherence to accessibility standards.

- Actively participated in many workshops such as the SheCodes foundation, significantly enhancing proficiency in coding and staying abreast of industry trends and best practices.

Projects _____

[Please click here to see My Portfolio.](#)

⭍ Hotel Booking App

Description:	Responsive Web App with features like Filtering (multi-items), Routing, Checkout Form
Techs:	React, Tailwind, Contentful CMS, Combination of Use Reducer and Use Context, React Date Range and Hot Toast Libraries
Link:	https://hotelbooking-sh.netlify.app/

⭍ Movies App

Description:	Responsive Web App with features like Searching, adding to Favorites or Watchlist
Techs:	React, Tailwind, Axios
Link:	https://movie-app-sh.netlify.app/

Certificates_____

✓ **React Development**   *SheCodes Workshop*

Certificate ID: 81d3b33a6eada78ac3f0eaefc458b6a1   *Oct 2022*

✓ **Responsive Web Development**   *SheCodes Workshop*

Certificate ID: 70fb5814c13a3470a198bf5fd94c6ccb   *Sep 2022*

✓ **Ront End Development**   *SheCodes Workshop*

Certificate ID: 332b14f8c359c104e886ed823c5236be   *Sep 2022*

✓ **Introduction to Coding**   *SheCodes Workshop*

Certificate ID: 67ea2334dcb2bdd38663d06395e03d18   *Aug 2022*
